Industrial Water-resistant Box

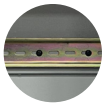

Size(L*W*H): 350mmx212.5mmx449.5mm

Hoop Metal Tie*2

Cooling Fan

DIN-Rail

Miniature Circuit Breaker

Standards

- ISO9001 : 2015

Material

- Main body: National standard steel C45 with galvanized skill
- DIN-rail: TH 35-7.5 steel 1.1mm with galvanized skill

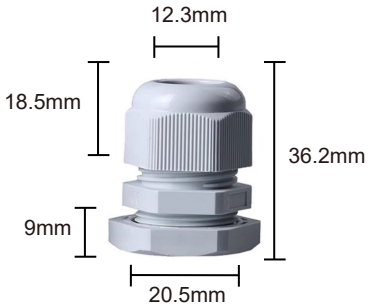

Surface Finishing

- Galvanized skill

Features

- Configure the air switch Circuit protection
- Built-in cable management rack with baffle
- Air cooling system inside the box roof
- DN20 installation holes at the box bottom
- Adapt to harsh environment
- Delicated design details
- Support wall mount & pole mount
- Latch for preventing thief

Water-resistant connector

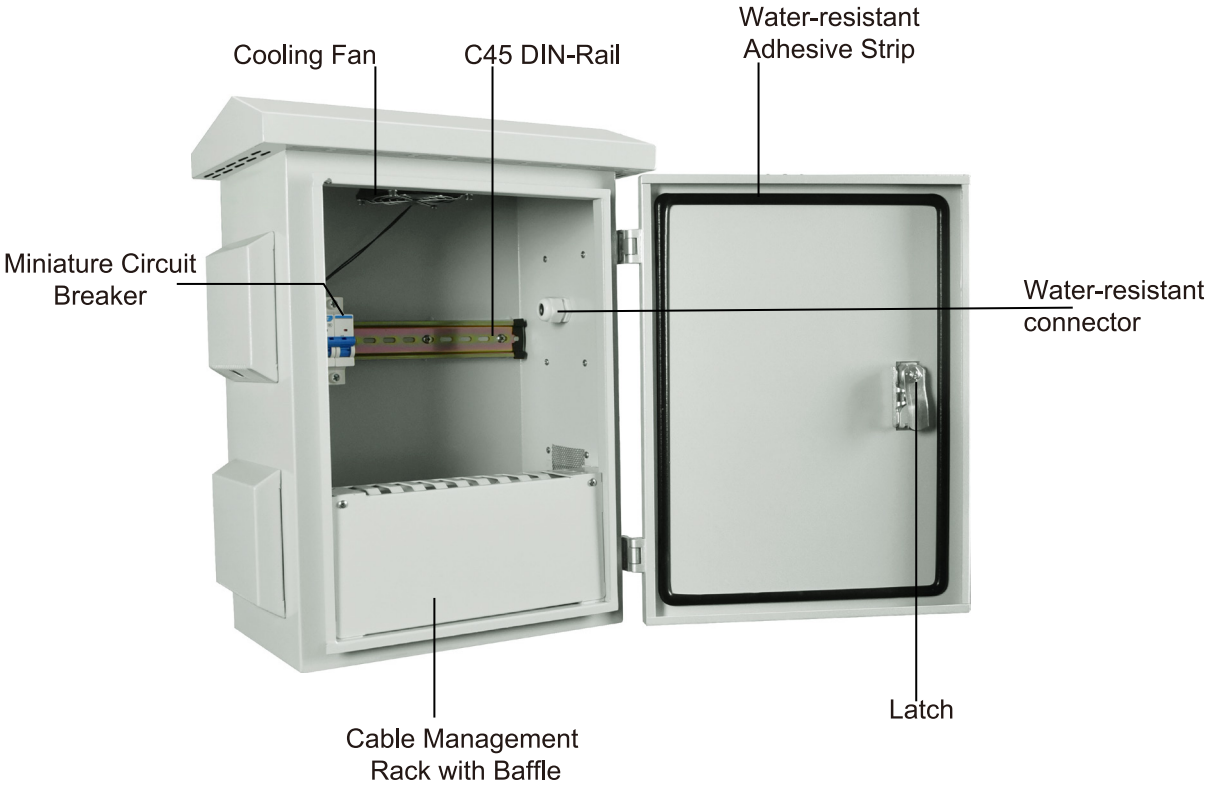

Miniature Circuit Breaker

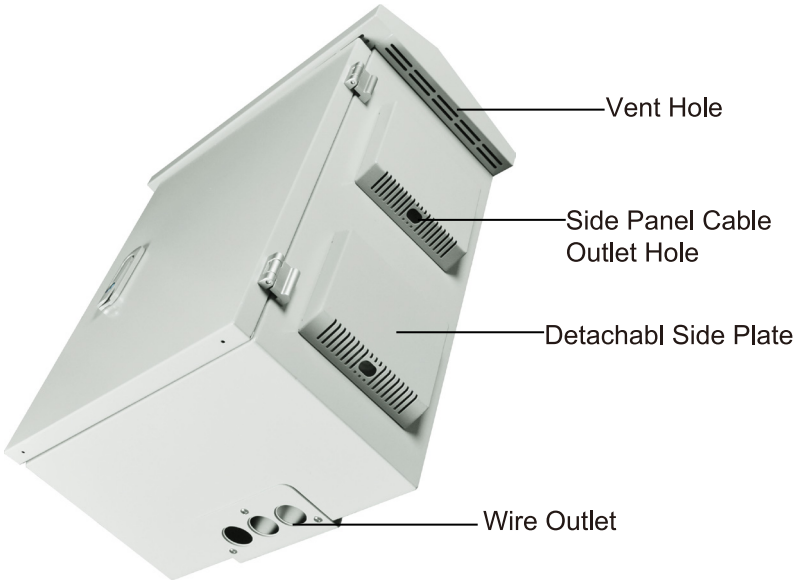

Miniature Circuit Breaker
Brand: CHINT
Model: NXB-63 C16
Number of Poles: 2P
Rated Current: 16A
Rated Voltage: 400V~
Thermal Magnetic Release: C
Mechanical Life: 20,000 cycles
Electrical Life: 10,000 cycles
Short-circuit Breaking Capacity (Icn): 6000A
Dimensions (W*H*D): 36*81*77.8mm
Installation: DIN-rail mounted
